

# FERTILIZERS

## SPECIALTY MICRONUTRIENTS

# IRON SUCRATE DG 50% Fe

- Iron sucrate granule utilizing The Andersons proprietary Dispersing Granule (DG) Technology.
- DG granulation produces a highly-uniform, low-moisture, dust-free granule suitable for use as an ingredient in fertilizer blending.
- Guaranteed analysis of 50% iron
- Manufactured by The Andersons at our Carey, OH granulation facility.

### GUARANTEED ANALYSIS

Iron (Fe)..... 50.00%  
Derived from iron oxide

<b>PRODUCT CODE</b>	10004421 Bulk 10004422 2,000 lb. Bulk Bag
<b>DESCRIPTION</b>	DG granule of iron sucrate with a 50% Fe analysis
<b>PRODUCT SIZE</b>	SGN 250
<b>UI</b>	40
<b>BULK DENSITY</b>	105 lbs./cu. ft.
<b>MOISTURE</b>	> 1%
<b>PRODUCT USES</b>	A uniformly-sized, low-dust fertilizer blend component
<b>PACKAGING</b>	Available from the Carey, OH plant in bulk and 2,000 lb. bulk bags
